Team Members in your group _____

Project Checklist for PBL Lessons

***Place the date that the task was completed in the space in front of the task. All members of each group are responsible for keeping a checklist on the front of your folder.**

_____ **Read and discuss the scenario**

_____ **Brainstorm known facts**

_____ **Develop a problem statement**

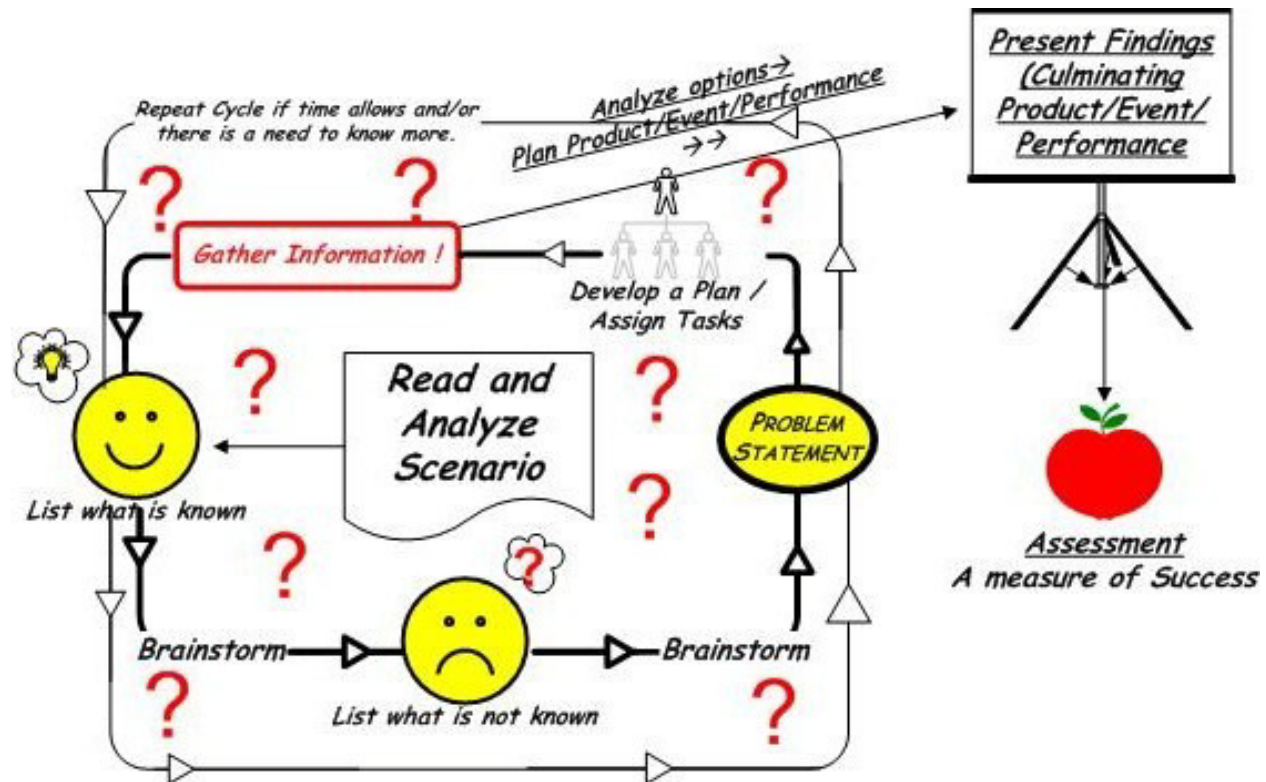

_____ **Recorded Daily Discussions in Notes**

_____ **Brainstorm what is needed to be known in order to solve the problem**

_____ **List possible solutions**

_____ **Revisiting Problem Statement and Possible Solutions**

_____ **Offer solutions through Presentations**

Reading the Flowchart: Start with the Reading the Scenario and move out to "List what is Known". From there follow the circular flow of the process. At any point after "Gather Information" the learners may present their findings or move on to a more in-depth study of the problem statement. The more limited the time, the less in-depth learning can be.
